Mauna Loa Macadamia Nut Factory Located off of highway 11 on the right side of the road when driving from the volcano area down to Hilo. Neat stop and FREE samples.

Akaka Falls Short jungle hike to a 420 ft. waterfall. In Hilo area.

Kilauea Volcano Stops to make: **Visitor's Center:** Movie and information about the park
Volcano Art center. Just to the side of the visitor's center. Local artist interpretation of volcano. **Volcano House.** Just across the street from the visitors center. Good stop for a bathroom break, light snack and souvenirs. Great view of the crater.

Do Crater Rim Drive. Stop at the **Steam vents, Jaggar museum,** recent lava flows, **Halemaumau crater overlook, Devastation trail** and **Thurston lava tube.** I don't think that it is usually worth the drive DOWN Chain of Craters Road to try and view the active lava flow. It is a long drive and you usually can't see much. You see a steam cloud where the lava enters the ocean. No gas stations.

Hilo Hatties Nice place for Aloha wear. Also check out the 2 for 1 coupons with any purchase. All islands offer a different set of coupons. Simply purchase a \$0.99 calendar or magnet and ask for a sheet of coupons. Can be GREAT value if you are already planning on doing some of the activities. For a family of 4 ask for 2 sheets.

Opakapaka and Onaga Will not be available May 1 to September 30 due to a fishing ban on these fishes. Great tender snapper fish. **A Dr. Lum Favorite!**

Beach Time Best time of the day to swim in the ocean is in the early morning. Later in the day the surf and waves tend to pick up. Also important for snorkeling trips and other water activities. Swim shirts can help to protect your skin. Available at Long's Drugs and other swimwear stores.

Best time of year May/September/October. Good weather lower rates. Aloha Week festival in September. With kids early June.

Disneyland Tip Sheets

Purchase your tickets before you arrive from AAA, DisneyStore, ARES travel (online slight discount) or from your hotel before you get to the park. You don't want the first line you stand in to be the ticket window. **Arrive at the front gate with ticket in hand 30 minutes before the park officially opens. Arriving early is the key to getting on a lot of rides quickly.** If traveling with younger children then you should try to do Fantasyland rides first. These are low capacity rides with no FP's.

EARLY ADMISSION: 3, 4 and 5 day park hoppers allow early admission 1 day in to DL park. Normally this is Tuesday, Thursday and Saturdays for Disneyland ONLY. If you are staying on one of the 3 Disney properties, DL hotel, Paradise Pier, or Grand California; you have early admission EVERY day that you are staying on property. Even on the day that you check in and leave. If you are checking in, go to the hotel that morning and ask for a room key so that you can take advantage of early admission.

Days of the Week: SATURDAY Vs. MIDWEEK! Disneyland Resort, Disneyland and California are often VERY crowded these days. There are over 1 million annual passes. Go when the Select Southern California and Deluxe annual passes are blocked out. This is usually on Saturdays and during peak seasons. The Premium annual pass is never blocked out. Disney also sells special 3 day passes for residents that live around the resort in special zip codes for as low as \$150 for 3 days. These tend to expire before peak seasons. IF SATURDAY has Select and Deluxe black out dates listed for the parks this is a GREAT day to visit Disneyland as it will be less crowded. Check the DL web site for pass restrictions.

Best time of year is first two weeks of December. Cooler weather and decorated for Christmas. If you go during the summer, bring an umbrella, water, and a stroller if you have younger kids. Also good to carry a few snacks and bring a small pack of wet wipes. Have your children wear bright colored clothing if possible (easier to spot if they get lost). Halloween parties are also a very popular time now.

Bring along sun glasses. Remember to take the sunglasses back from your kids or have them wear it on their heads or put in their pockets to prevent loss. NEVER put sunglasses down on a table when eating a meal. If traveling with kids under 5 bring a stroller along.

MAX PASS Digital On-Line Need to load on your phone and enter a credit card to use. \$10 per person per day. You can immediately select FP from your phone, cancel, and use without having to walk to the FP machines. MUST DO FOR TIME SAVINGS!

Fast Passes and order of collection. Some FP run out by early morning or early afternoon on busy days. For Disneyland Space Mountain (by 1-3 pm), Indiana Jones (by 4-5 pm), Star Tours (4-5 on busy days). Big Thunder, Haunted Mansion, Buzz, Roger Rabbit are often available with only 30 min - 1 hour wait between FP collection and use on most days. Once Star Wars Land opens in 2019 expect HUGE wait times. Head to Star Wars Land first and get FP for these rides first.

Disneyland. Best use of FP is Space Mountain. Big Thunder, Haunted, Buzz and Roger Rabbit often only have a 45-1 hour wait time. Can often get almost until park closing time. Indiana Jones & Matterhorn & Splash have the single rider lines which are great!

For DCA Fast Pass. With the new opening of Guardians of the Galaxy ride (old Tower of Terror) This should be your first ride and first FP in the morning. Wait for the ride first thing in the morning is up to 30-40 minutes and FP line, to get a FP can also be 30 minute wait. Good option is to ride first than get a FP for later in the day. FP run out by 11:00-12 noon. Next FP is for Radiator Springs. FP for RS also runs out by 11:00-12 noon. BUT RS has a singles line. Next to run out is Toy Story Mania than Soarin' around the World (4-7 pm).

Parent Swap Pass (Switch Pass): This is offered on all rides that offer FP. Just ask when entering the line. Must have a child that does not meet the height requirements or does not want to ride (afraid of ride). The Cast Member at the line will offer you a special FP that allows up to THREE (3) persons to ride again using the FP line after the first parent rides. Can also use FP to get multiple rides in along with the Switch Pass.

Small World and Pirates of the Caribbean and Indian Jones. Ask for front row seating when you get to the front of the line. Just ask politely when you get to the front. The view is better and you just need to wait one turn to get a front seat. You can also ask to be seated in the front row for all roller coasters. If available you can also sit in the front of the train, the monorail, the pilot house of the Sternwheeler boat just ask the attendant when boarding. Ring the bell on the pirate ship.

Soaring Over California Front row center is best. ASK for B1. Otherwise the screen looks warped. FP run out by later afternoon (4-7 pm) Good ride for all ages.

Thunder Mountain Last row is best ride. Usually has FP until later in the day. Evening ride is more exciting. (FP available until late at night) Watching fireworks while waiting in line or riding is fun.

Star Tours: Least Motion Front Center (First row). Most motion back on the side (last row). FP usually available until later afternoon to early evening (5-7 pm on busy days, but 30-45 min FP wait on slow days)

Matterhorn Right side near Alice: Slower and wider turns. Left side faster with 1 small drop. FP is now available and Single Rider option. Single rider line moves very quickly.

Space Mountain: Will run out of FP by mid-day on busy days (2 pm) Ask for front row. Space is a good first FP in the morning also a good first ride at rope drop (park opening). Or last minute evening ride.

Small World: Ask for **front row**. Don't ride midday (sun is very hot and not much shade). If you must ride midday pick the inside (left) side of the line. There is a little shade from the trees as you wait in line. Holiday's after September is Christmas themed.

Buzz Lightyear: Wait for Fast Pass is normally 30-90 minutes. Get a FP for Buzz, ride Star Tours or see StarWars movie then return and use Buzz FP. Aim for targets that are lighted for bonus points and targets that are further away.

Autopia: Look to see which side is running two lanes of cars. If inside lane running two lanes pick inside (or right) side of line. If outside lane running two lanes pick outside line. Don't ride midday (sun is very hot and no shade). Ride early before 10 am or after 6 pm.

Indiana Jones: Pick the **LEFT** side of the steps as you reach the boarding area. Less steps to climb after the ride is over (most of the time). Front row is best. Singles rider line available.

Haunted Mansion: Has FP during the busy season and when switches over to Halloween theme. Halloween theme is a lot less scary for younger children than normal version. FP now available. Most of the time only 30-90 wait with FP.

Fantasmic now operates on a FastPass system. The later show is always less crowded. Hold a spot and take turns riding Pirates or Haunted Mansion. Or you can send someone for popcorn and drinks. Hold on to your kids hands!!! **Dr. Lum Favorite!** Popcorn located near Haunted Mansion. FP run out.

ALWAYS COLLECT A FP: Even on slower days with a short 30-45 min FP wait, still collect a FP, walk around the area shops, get a snack or just listen to some entertainment, then use the FP rather than wait in the standby line. USE MAX PASS TO PULL FP digitally, even from your hotel room on the same day.

Disneyland Parade directions: When parades have two different showing. The first parade starts at Small World. The second parade starts near Main Street Train station. This is important as you can often find last minute spots looking down the parade route. If you are looking directly down main street from the Hub, (you can sit right in the middle of the walkway where the sidewalk curves – Looking directly down Main Street). Other areas to check are near the bathrooms next to Alice in Wonderland (only 1 side) The second parade is ALWAYS much less crowded than the first parade. Sometime there is a day time parade at 3 pm that is different from the evening parade.

Best viewing spot for the **Parade** in California Adventure is directly in front of the entrance to Hollywood Pictures Backlot in between the two pillars. There is a marking on the sidewalk to let you know where you can sit. If the parade starts in Paradise Pier, it takes a little while for the parade to reach Hollywood area. You can take turns visiting the Animation building or ride Monster Inc or shop while waiting.

SHOPPING Take pictures in the store with all the stuffed animals you want, funny Goofy ear or Mickey Mouse hats, pictures of the T-Shirt's, or toys. These items are often a great reminder of the places you have been and using the items in the store is like having free props for your pictures.

Stacking the line. Most Disney rides will allow you to ride one last ride as long as you are in line a few minutes before the official closing time of the park. Disney stacks the line to make it appear longer by holding people at the entrance. This could be the shortest line of the day. Once closing time passes a Disney Cast member will stand at the end of the line and inform you that the ride is closed. But most of the time the line moves so quickly into the waiting area that they simply rope off the entrance. I like to ride Pirates of the Caribbean or Splash Mountain as my last ride. These rides take 10-15 minutes to go through, longer ride. It is kind of neat to be the only person or group left in the park after closing.

FIREWORKS Best location is directly in front of the castle or on main street. However gets really crowded during the busy season. Really good to watch from Fantasmic area if you are in the front. A lot of people will get up and try to move to the central hub after the end of Fantasmic. Another good last minute viewing area is just in front of Thunder Mountain or next to the Mexican restaurant. **This area is crowded on 2nd Fantasmic show nights since it is the holding area for the 2nd show.**

From the office of Randall T. Lum, O.D. (650) 589-7198 www.LumOptometry.com

Live Shows. Disney's new Frozen show in DCA is a not to be missed live show. Show is in an air conditioned building at the end of Hollywood Blvd. Just as good as a Broadway show. Once again try to pick an isle seat (looking down the isle) for the best view. Just like a ride the 30-45 minute wait is worth it. The shows are normally 40 minutes long. Rides last only 4-6 minutes. At DL Mickey and Magical Map is a great show that is in the shade. Food is available just at the entrance.

World of Color: This show in DCA is more difficult to see even with a FP. The viewing area is not set up very well. Need FP for early show or later show. Blue section has the best view. Still need to arrive early to area so that you can get a spot by one of the railings. If you have younger children, it is difficult to see if as everyone stands during the show. Second show is always less crowded when 2 shows are presented. Christmas has a different show. This is one time having a package that includes preferred viewing section might be worth while.

Halloween Party: This is a special ticketed event. Cost have been going up over the years. Now a very popular event. Adults \$89-\$79. Has been in the Disneyland Park in the past. Can enter the park as early as 3:00 pm. Event starts at 6:00 pm and runs until 11:00 pm. Need wrist band to ride and stay in the park. Highlights are the special Halloween Fireworks show (want to be able to see the Castle for special projections) and the Halloween Parade. Disney Villains and characters in special costumes. Don't stop for candy as it is very heavy and not the reason to visit the special event.

Christmas in the Parks: Starts official the week before Thanksgiving and runs until the first week of January. This is one of the best times of the year. Special Christmas parade (this is a highlight), special food (treats- Candy Canes), and special rides. Small World Holiday, Haunted Mansion, Jingle Cruise.

Star Wars Land: Coming in summer of 2018. This will be a huge attraction with 2 headliner rides. Both will most likely offer FP and should be your first area to visit when it opens. BEST OPTION ARRIVE 45 minutes before park opening and DO NOT go on early admission days if you don't have early admission.

If someone is **celebrating a birthday.** Stop by City Hall in Disneyland or the information booth at DCA and ask for a Happy Birthday pin or I'm celebrating can get a Happy Birthday Pin at the character meals or other celebrating pins. Can also ask for pins at the Character meals.

Have your children ask the characters questions. Ie ask Mickey where Pluto is? Ask Snow White where Doopey is? Ask Ariel where prince Eric is? More interaction and funny responses.

Character meals **Goofy's Kitchen, Lilo and Stitch Breakfast at PCH, Chip and Dale Breakfast** and breakfast with Minnie inside Disneyland park. Must call a few weeks ahead to make reservations (714) 781-3463 for each meal.

Eat Lunch before 11 am or after 2 pm. Eat Dinner Before 5 pm or after 8 pm.

From the office of Randall T. Lum, O.D. (650) 589-7198 www.LumOptometry.com

Don't schedule breakfast meal at Goofy's. Better to ride in the morning and eat a late lunch or an early dinner at Goofy's kitchen. **Lunch at 2:00 or dinner at 4:30 is a good option.** Early dinner can mean you can still catch the evening parades at either park. You also have more time to work off your meal. If you are going to do a breakfast do it on the day you arrive or the day you are leaving. **Breakfast at 10:30 am** can also work out well. This way you can ride for 2 hours and then have a late breakfast. If you go later for breakfast it is less crowded which means you wait less and get more one on one time with the characters. They will actually sit down at your table while you are eating. **A Dr. Lum Favorite!**

Food options for consider for snacks: **MINT JULEP BAR:** Behind New Orleans Square train station across from the bathrooms: Mickey Beignets and Mint Julep drink (request light ice). **ROYAL STREET VERANDA:** Bread bowl clam chowder or gumbo. Can ask to have the bread and the soup separated. This way you can break off the bread to eat as you go and save the extra bread for a snack later.

Motels across the street from Disneyland: Most include limited FREE continental breakfast.

Desert Inn & Suites (800) 433-5270 Family rooms available. **Carousel Inn and Suites** Taking the shuttle from a hotel further away can take 30-45 minutes to get door to door. You also pay for the shuttle. Better to walk across the street from your motel. Not fancy but close to the park.

OR if staying across the street or near the Toy Story Parking lot (convention center hotels) walk across the street INTO the Toy Story parking lot and take the FREE shuttle directly to the front gate of DL Resort!

www.themouseforless.com OR www.allears.net or www.wdwinfo.com Look up the DIS boards for questions about the parks, Disney cruise lines, ect.... www.disneyland.com You can request a Free DVD about the park. Good to watch before you go. www.disneyworld.com

Unofficial Guide to Disneyland OR Disneyworld Great resource to read before you go. By Bob Sehlinger. White book. Has 1 & 2 day touring plans with and without children. There is even a Dumbo or die in a day touring plan to maximize the enjoyment of the park for your younger kids. Hotel recommendations. Rating of rides and shows. Rating of eating places. Hotel recommendations and even as detailed as to which building and floor to ask for. Good and not so good rooms. Viewing spots for parades.

From the office of Randall T. Lum, O.D. (650) 589-7198 www.LumOptometry.com

If you have any comments about these tip sheets please let me know when you come in for your next examination. As always I am open to feedback about our office and any recommendations you may have about our tip sheets. If you find the tip lists helpful please share it with your friends and family. Please tell your friends and family about our office we greatly appreciate referrals. Have a wonderful trip. Tip sheets for Honolulu, Maui, the Big Island of HI, DisneyWorld, New York City, Seattle, Las Vegas, Puerto Vallarta Mexico, Monterey Bay, San Francisco Bay Area, Bay Area Restaurants, Cruising and Italy available online at www.LumOptometry.com under patient forms.

LEGOLAND in CALIFORNIA Not good for kids under age 4 or under 36 inches for rides. Ride height restrictions limit the number of rides children under 36 inches can ride. Legoland is best for kids 5-11 years of age. Get tickets at AAA and get 2nd day free.

A few roller coasters. Good options for kids that are more timid about riding roller coasters. Teenager over the age of 12 will be bored with Legoland. If going to both Disneyland and LegoLand. Save DL for end of the trip.

UNIVERSAL STUDIOS HOLLYWOOD

Universal studios Hollywood has a tram ride (pick the left side / driver side of the second or third tram for the best view) that takes you through several different movie set adventures. One of the highlights. Unlike Disneyland you can do Universal Studios Hollywood in one day. NEW in 2016 is Harry Potter Hogwarts and the Forbidden Journey Ride and Olivander's Wand Shop (show). These are must do and first rides of the day. Other highlights are Terminator, Shrek 4D, Simpson the ride and the Mummy ride (FYI for the Mummy ride and Forbidden Journey ride ABSOLUTELY no bags or camera bags-free lockers available). They offer an all you can eat pass on line and at the door. The all you can EAT meal ticket is NOT WORTH it. You must eat three meals a day to break even. Lines can take 20-30 minutes each meal.

Always check at Universal if they offer a discount for meals and ANY purchases with the AAA card. Also at City Walk many of the restaurants offer a AAA discount or Kids Eat Free with an adult meal. Always worth while asking if this benefit is being offered.

The parking structure at Universal is HUGE and there are two structures. Take a digital picture of the floor that you are on to avoid hunting for your car at the end of the day.

DISNEYWORLD

Many but not all of these tips also work at other Disney parks. At DisneyWorld I recommend skipping rides that are available at Disneyland. This especially applies to the Magic Kingdom.

Magic Kingdom Ride Stitch's Great Escape, Mickey's PhilharMagic 3-D, SpectroMagic parade,, SpectroMagic Parade, the new FantasyLand rides.

Animal Kingdom: The Lion King show, Dinosaur ride, Kilimanjaro Safaris, and Expedition Everest. Smaller park. Can be done in one day. Fewer headliner rides. Festival of the Lion King. Sit on the mid to upper bleachers for better sight lines. The first few rows are flat and hard to see, unless you are in the first row. Even then a lot of action occurs all over the theater. Coming soon AvatarLand and evening river of light show.

EPCOT EPCOT opens in the morning. Test Track, Mission Space. Worldshow case opens in the afternoon. American Adventure. Test Track, Mission Space and the new Soarin' around the world have a singles rides line. If you split up your party you can ride much faster than the standby line or get a Fast Pass.

Mission Space (FP run out by 4 pm) Orange Line: Spinning/centrifuge ride. Green Line: Non Spinning. More like a Star Tours ride. Don't ride on an empty stomach and eat at least 1-2 hours before riding. Can cause motion sickness. Barf bags are available at each seat just in case. All Epcot the rides are cool. Worldshowcase is more educational & good eating spots.

MGM Studios Little Mermaid show, Beauty & the Beast show, Aerosmith Rock 'n' Roller Coaster, Fantasmic, Great Movie Ride, and Indiana Jones Stunt Show. Coming soon will be the new Star Wars Land and CarsLand.

FANTASMIC If you are seeing Fantasmic consider purchasing a dinner and show package that has a ticket for viewing of Fantasmic. The seating is off to the side, but at least you have a reserved section. The line for Fantasmic opens two hours before the show. On bad weather days the show can be cancelled because of high winds. Disney will often not make a call until just before show time. Mama Melrose's Italiano (\$29/\$10 ages 3-9) and Hollywood & Vine Buffet (\$22/\$10) have Fantasmic Dinner Packages. Special entrance/reserved section. You can avoid a 60-90 minute wait. 48 hour cancellation/no refunds due to bad weather. Eat 2 hours or more before the start of the show. Sit in the middle 3 or 4 sections.

Stacking the line. All Disney rides will allow you to ride at last ride as long as you are in line a few minutes before the official closing time of the park. Disney stacks the line to make it appear longer by holding people at the entrance. This could be the shortest line of the day. Once closing time passes a Disney Cast member will stand at the end of the line and inform you that the ride is closed. But most of the time the line moves so quickly into the waiting area that they simply rope off the entrance. I like to ride Pirates of the Caribbean or Splash Mountain as my last ride. These rides take 10-15 minutes to go trough, longer ride. It is kind of neat to be the only person or group left in the park after closing. Dr. Lum has individual park information for each of the 4 major parks at DisneyWorld in the office.

www.themouseforless.com OR www.allears.net or www.wdwinfo.com Look up the DIS boards for questions about the parks, Disney cruise lines, ect.... www.disneyland.com You can request a Free DVD about the park. Good to watch before you go. www.disneyworld.com

Unofficial Guide to Disneyland OR Disneyworld Great resource to read before you go. By Bob Sehlinger. White book. Has 1 & 2 day touring plans with and without children. There is even a Dumbo or die in a day touring plan to maximize the enjoyment of the park for your younger kids. Hotel recommendations. Rating of rides and shows. Rating of eating places. Hotel recommendations and even as detailed as to which building and floor to ask for. Good and not so good rooms. Viewing spots for parades.

Touring order of the theme parks. If you are traveling with children to maximize the interest of the four different parks you should tour them in this order. EPCOT, Animal Kingdom, MGM Studios, and then finally the Magic Kingdom. You move from the more educational parks to the more fantasy filled theme parks.

From the office of Randall T. Lum, O.D. (650) 589-7198 www.LumOptometry.com

UNIVERSAL STUDIOS FLORIDA

Unlike Universal Studios Hollywood, there is not a tram ride that take you through different areas or attractions. Here the Jaws and earthquake are separate rides.

ISLANDS OF ADVENTURE There are a lot of unique rides here. Lots of great roller coasters. Spiderman ride is one of the best in the country.

Universal Studios Orlando Express Pass or Front of the line Pass. If you stay at one of the Universal Studios three properties you can get a front of the line pass. This enables you to skip standing in line and proceed to the front of the line for most of the larger rides and attractions. You can also purchase this benefit. It might be of value to spend a few days at one of their properties just for this benefit, especially during the busy vacation times. Some of the rides and shows are also located at Universal Studios Hollywood. I recommend skipping these shows if you are limited to only a few days here.

Unlike the FP at the Disney theme parks. USO Express Pass is good at almost ALL USO attractions.

There is an Universal Express Pass PLUS program that cost \$15-\$50 depending on the season that you can purchase at the gate. This pass allows you a ONE time use of the express entrance to each of the express attractions with no return window.

3 Hotels on Property. Portofino Bay (Deluxe), Hard Rock Hotel, and Royal Pacific.

Staying at any of the three hotels gives you front of the line pass access at the two theme parks. You just show your room key to access the express pass line.

Even if you are also visiting Walt Disney World, it might be worth while to move hotels for 3 night to the Universal Studios Hotels for the front of the line access pass privilege.

Also ask about the kids eat Free program. In the past there was a kids eat free program when an adult purchased a meal.

For hotel guest you also get next table available at certain CITY WALK restaurants. Make sure to ask if this is available. You can also get priority admission to USO shows by showing your room card.

SEAWORLD Can be done is 8-9 hours. About the size of the Magic Kingdom. Many stadium or walk through exhibits. Lines are not much of a problem. You can arrive at 12-1pm and stay until 9 pm for the evening show. Cooler and less crowded later in the day. Most stadium shows: Show up 10 minutes early (20 on crowded days). 3 must see shows are Believe (Shamu), Seamore and Clide (Sealions), and Blue Horizons (whale and dolphin show).

From the office of Randall T. Lum, O.D.

(650) 589-7198

www.LumOptometry.com

DISCOVERY COVE There is a 1,000 maximum guest per day. The highlight is a 90 minute swim with an Atlantic Bottlenose Dolphin. Ages 6 and are comfortable in the water. Also a coral reef snorkel and swim. Large bird aviary and a tropical lazy river. 9:00 – 5:30 \$249-\$279 per person. Also includes a 7 day pass to SeaWorld. (877) 4-DISCOVERY www.discoverycove.com A once in a lifetime experience.

The **water parks and pools** are also VERY popular with the kids. The water parks are especially crowded on the weekends when local residents use their annual passes. All pools and water parks are heated year round. Same as with the other amusement parks, **ARRIVE EARLY** to beat the crowds. For the hotel pools this can be a great break in the afternoon before lunch and a 2-3 hour nap. Then you can return to the park for the evening hours rested and relaxed. If you are returning to the same park later in the same day for the evening shows, remember to collect a Fast Pass for the ride you didn't do yet or really want to ride again **BEFORE** you leave the park to go back to your hotel. The FP can then be used when you return in the evening.

If you have any comments about these tip sheets please let me know when you come in for your next examination. We are always open to feedback about our office and any recommendations you may have about our tip sheets. If you find the tip lists helpful please share it with your friends and family. Please tell your friends and family about our office we greatly appreciate referrals. Have a wonderful trip. Tip sheets for Honolulu, Maui, the Big Island of HI, Disneyland, New York City, Seattle, Las Vegas, Puerto Vallarta Mexico, Monterey Bay, San Francisco Bay Area, Bay Area Restaurants, Cruising and Italy also available online at www.LumOptometry.com under patient forms.

Imitation Designer Purses Canal Street exit in Chinatown. On one or more of the street corners there are people with a folded up piece of paper that shows some of the different styles available. They will take you to a van or storage area that holds the purses. Go with a friend during the day for extra safety. One of the storage areas was **DIRECTLY** off of the Canal St. subway entrance at the bottom of the steps.

Macy's Flagship Store Go to visitors center and show your out of state ID & hotel card. Request a 11% saving coupon good on all purchase all day. 151 W. 34th Street. (Movie: Miracle on 34th Street)

Taxi's / UBER Not always faster but expensive. Can take you to spots not well serviced by the subways. Also good for late night rides.

Metro Card (Subway) 1 day to 7 day cards available. Unlimited Subway rides. Also pay-per-ride card 6-12 rides. Easier to pre-purchase cards then to fumble with cash at the subway station.

Ellis Island Immigration Museum. Buy ferry tickets at Castle Clinton in Battery Park. 9:30-5 pm Great views of NYC and statue of Liberty. (Movie: Hitch)

Empire State Building You can buy tickets online ahead of time to save waiting in line. Entrance is on 5th Avenue. Dusk is a popular time. www.esbnyc.com (Movie: Sleepless in Seattle & Love Affair)

Rockefeller Center Also has an observation deck. More modern and views of central park and the empire state building. Same price as Empire State Building.

U.S. Custom's House At Bowling Green. National Museum of the American Indian (branch of the Smithsonian). Free. Wall Street Bull is just up the street. Great food carts outside (pita's)

Charging Bull Just past Bowling Green park. Great photo spot.

Trinity Church At Wall & Broad Street. Famous people buried here Robert Fulton-inventor steam boats, Alexander Hamilton-killed in a duel with Aaron Burr, Francis Lewis-signer Declaration of Independence. (Movie-National Treasure) World Trade Center monument outside.

St. Paul's Church Concerts at noon or one. Used as during WTC bombing as a firefighters headquarters.

New York City Concerts at One Mondays in St. Paul's Chapel on Broadway (212) 602-0747 Thursdays in Trinity Church on Wall Street

From the office of Randall T. Lum, O.D. (650) 589-7198 www.LumOptometry.com

Chinese History Museum Chinatown. 70 Mulberry Street & Bayard. Go upstairs.

Frick Museum 1 East 70th Street. No kids under 10. Tu-Sat 10-6 Collection of arts displayed in a mansion across the street from Central Park. Sunday 11-1 suggested donation.

Museum of Modern Art Great Impressionist collection. 53rd St. www.moma.org closed W 2880700 One of the best in the world. Free Fridays 4-8

Metropolitan Museum of Art World class. Pay as you wish. Suggested admission. Good place for lunch. Visit the Egyptian temple and Impressionist collections. (Movie: When Harry Met Sally)

Natural History Museum Dinosaur skeletons / Ocean & wild life dioramas. Start on the 4th floor dinosaurs. Café in basement for food. Central Park West & 79th St. B or C line to 81st. Pay as you wish. (pay as you wish does not apply to planetarium shows). Hayden Planetarium.

Special Cosmo show. (Night at the Museum/KPax)

Ellis Island Immigration station. Free movie and audio tours. (Movie Hitch) Castle Clinton.

Subway Entertainment Performers in the subways are licensed by the city. Really good entertainment for a few bucks tip. Watch for pickpockets. Most major stations. Very interesting.

BROADWAY PLAYS PLAYBILL.COM Discount show tickets available. But does not list all show playing. Only shows that advertise with Playbill. Can just type in the show name & discount to see what is available online. Also ask your hotel if they offer discounted tickets/codes to shows. Some hotels have coupon numbers that will allow you a discounted purchase.

If you are traveling all the way to New York and you want to see a play it is better to pay for the ticket at full face value and get a better seat. I like the aisle seats looking down the aisle (NOT an aisle seat in center section). Try to get about 6-8 rows back. Too close and you are looking up all the time.

WICKED About Glenda and the wicked witch of the East when they were young and in school. Long before the Wizard of Oz.

LION KING Story of the Lion King set to music. Perfect for people of all ages. Spectacular show. Also on DVD.

BOOK OF MORMON: Older teens to adults. Language caution.

www.NYCVISIT.com

SEAT SELECTION Always try to talk to an agent to get seats looking down an isle. For a family of four request 2 sets of isle seats back to back. ie Row D seats 1 & 2 and Row F 1 & 2. This way both kids or two adults will get an unobstructed views down the isle. It makes no sense to sit four in a row. You never know who is going to be sitting directly in front of you. Also once the show starts you don't talk to each other.

<http://gonyc.about.com/cs/museums/a/museumdeals.htm> **Check for Free museum days.**

ROME TIPS **Basilica San Clemente** Located behind the Colosseum down Via Labicana. Church on top of a church on top of a church. Three levels down. **A Dr. Lum Favorite!**

St. Peter's Basilica Dome Climb the dome. Elevators located to the right of the main entrance to the Basilica. Great view inside the church from the balcony and view of the Vatican gardens and Rome. Bring binoculars. Inside the Vatican museum get the audio guide.

Galleria Borgheses Great Bernini sculptures. Two story villa with great art. Need to call to reserve a ticket. Take one of the twice daily English language tours. I liked this museum and tour more than the Vatican museum. **A Dr. Lum Favorite! 06-328101 www.ticketeria.it Tu-Sun**

Colosseum Prebook an admission time to avoid standing in line. www.pierreci.it 06-39967700

Lunch at Piazza Navonna or in front of the Pantheon. (DVD Return to Me) Try Tre Scalini's Tartufo Chocolate desert in Piazza Navonna.

Girarrosto Fiorentino Meat from Tuscany. 46 Via Sicilia off Via Veneto. Can stop by on the way back from Galleria Borgheses. Also great buffalo cheeses.

HB-Bettoja Hotels Located near the train station. Moderate prices. 0632810.

VENICE **Harry's Dolce** Great restaurant across the Grand Canal and St. Mark's Square. Need to take a water taxi across. **A Dr. Lum Favorite!** Best meal I've ever had. 773 Giudecca 041-52 24 844

Glass Bead Shop Located on the mainland side at the start of the Rialto Bridge. Bracelets, necklaces, pendants. Make nice gifts. Rialto 79

Café Florian Have a hot chocolate or coffee at night while listening to violin music. St. Mark's square. Expensive but worth it. Can also stand and listen.

River Taxi #1 Goes down the Grand Canal. Can sit in the front for a better view.

Pauli Glass shop Murano glass shop. Very well know. Higher quality works. Also good glass beads jewelry. Have them ship your pieces. St. Marks Sq.

SIENNA Atica Siena pottery store. Located on the corner of the plaza to the right as you are facing city hall. Have them ship your pieces home.

Flying to Europe If taking a group tour I highly recommend flying in 1-2 days ahead of your official tour start date. This gives you extra time to adjust to the jet lag and explore a little on your own. Most companies can extend your hotel days a few days early for you at a special rate. Try Insight Vacations Tours.

www.LumOptometry.com

CRUISING

Check in at the cruise terminal early. Most ships will let you board the ship at 12 noon. You may not be able to go to your cabin yet but you can have lunch, swim at the pool (without anyone else), use the hot tub if it is on deck, explore the ship and have lunch on board.

You should also make your special dinner reservations as soon as you get on the ship if there is a separate dining restaurant option. These will fill up very quickly. Surcharge usually runs about \$10 to \$15 extra. It will usually be an Italian, Steak or special chief's restaurant. Even at the extra charge restaurants you can order more than one appetizer, more than one entry and more than one desert. You can also share food with your party. If you have a group of 6 share all of the appetizers and dinner options with in your group. Let your waiter know that you are sharing amongst your group. Ask him to have the chief prepare an appropriate serving size for your group. You should tip the waiter EXTRA above the normal extra dining room charge for this type of service.

Don't book special restaurant dinners on the Captain's Formal night in the main dining room. Usually there is better food on this night in the main dinning room. Sometimes however there are also special dining menus in the different restaurants on Captain's night.

To get a window seat at dinner. Ask the head waiter when you first get on board. Offer him \$20-\$40 and ask him if he can help rearrange your seating so the you get a nice window seat. It is really nice to look out the window while eating if you are on the early dinner seating.

Early of Late Dinner Seating: If you have children early is usually better. Otherwise dinner could be as late as 8:00 or 8:30pm. If you have early dinner, you do need to be aware of what time the ship leaves port. Dinner could be right after the ship sets sail. If this is the case you might be rushed into getting ready for dinner, almost as soon as you return from your shore trips.

Discount Dining. Some alternative restaurants have a discounted night on slow evening. These nights tend to be when the ship is in port late since many people will be doing evening shore excursions. Also you can ask the restaurant's host if there are typically special nights or offers or read the daily newsletter for dinner or spa specials.

Bring or buy bottle water or a six pack of soda before you get on board or at the first port. This way you can have it in your cabin. Saves you some money. Better yet skip the soda and the calories.

Bring your own wine or liquor aboard. Many lines will allow one bottle of wine. There may be a corkage fee at the dinner table, however it is still less expensive than purchasing their wine. Or you can have a drink in your room for free.

Room Service: Makes a nice lunch break without having to rush to the dining room.

Spa reservations should also be done on this day. For the SPA you can usually view the spa treatment options on line before you go. Check for SPA specials on the first day or when the ship is in port.

From the office of Randall T. Lum, O.D. (650) 589-7198 www.LumOptometry.com

For more exercise. Skip the sodas. Walk up and down the steps instead of taking the elevator. Walk around the deck after dinner or even before dinner. Skip or share the deserts. Use the gym or steam room.

Hairdresser: You should also make your reservations for formal night as soon as you can.

Shore excursions book before you leave on line or as soon as you get onboard if you know which tours you want to take. You can also walk off the ship and get tours just off of the ship at most ports for less money than the ship charges. This works if you are flexible and not totally set on one particular tour. Most of the time a general city tour and highlights tour is very easily booked just off shore. You can also share a cab with other families of people you meet on the ship.

TIPS Remember to tip your waiters and cabin helper their full tips. They work 6-9 months 7 days a week. They do not get paid U.S. wages. They are paid very little. Most of their income comes from your tips. Most of the time the cruise companies now automatically charge your account for these tips at the end of the cruise. Also all beverage and food purchases usually will include a automatic 15% tip. The tip line will still be printed on the receipt that you sign. Be careful not to tip twice.

SHOWS: Usually two (2) major shows on a 7 night cruise. Show up to your assigned dinner time early so you can finish dinner ahead of everyone else. You can then be the first to get seats for the show. You might even want to skip desert and head over to the showroom to get seats. Bring a jacket to save seats for the other member of your party. Sometime there is an early 3:30 or 4:00 pm show (Disney Cruise).

SEAT SELECTION Always try to get seats looking down an isle. For a family of four select 2 sets of isle seats back to back. ie Row D seats 1 & 2 and Row F 1 & 2. This way both kids or two adults will get an unobstructed views down the isle. It makes no sense to sit four in a row. You never know who is going to be sitting directly in front of you. Also once the show starts you don't talk to each other. Also may want to look for seats that have a drink table in front of you.

Shuffle Board: Great after dinner game and exercise on deck.

THE POOL Bring Swim goggles and swim toys for the kids. Most pools are salt water. The Jacuzzi is always fresh water. Except on the Disney Ships. Good day to swim is the first day right after you arrive on board. The pools are not crowded yet. Keep a change of clothing in your roll on bags.

Extra Bags: Pack an extra duffle bag or tote bag if you are going to be doing any major shopping. Better to plan ahead for all the nick nacks. Rather than a large suitcase pack suitcase that stack within one another or that have a soft side so you can hide it under the bed or in the closet.

Safety: Remember that outside of 12 miles you are outside of U.S. waters. The laws of the United States do not apply at sea. Since the ships are flagged in foreign ports, they do not have to follow U.S. law. Be careful of your environment. For women traveling alone must be especially careful. Also the staff of the ships come from many different parts of the world. Drinking alcohol is encouraged, since the ships make a lot of money off of alcohol. Use good judgement.

Walkie Talkies. Bring along walkie talkies for the ship and ports. These work great to stay in touch on the ship since cell phones normally will not work at sea and at foreign ports or call.

From the office of Randall T. Lum, O.D. (650) 589-7198 www.LumOptometry.com

Returning Home: Luggage and the ability to leave the ship is done in an order. If you have an early flight or need to get some where quickly you should ask your cabin steward for the early disembarkation luggage tags. This works really well if you do it before you give out your final tip envelopes. If you are not in a rush you can take a last stroll around the ship after breakfast.

Internet use. If you are using the internet to send message for work you should compose your messages before you sign on. Then when you log on you can just send the messages. Also if you plan to use the internet a lot sign up for a internet package. You can check weather before you arrive at your port. Talk to the kids at home or other family member house sitting. You can also stop in at an internet café IN port and pay a few dollars for internet access. Just be careful with your credit card information .

Formal Portraits This is a wonderful opportunity to take a nice formal portrait with no obligation. On formal picture night there will normally be 4-5 separate areas where you can take formal portraits. These different areas have different backgrounds and props. Make sure you get the portrait area EARLY to beat the crowds and to make it to your dinner on time. On different nights they have casual or theme night photos also. If you are in a large group they can take a picture of the entire group, individual families, just the adults and just the kids. Just ask the photographer for the different combinations. You end up spending a lot of money on the photos but memories are priceless. You can usually swap out photos if you buy one on the first night and then take a better picture a couple night later. Also ask about specials if you purchase more photos over the course of the cruise. Sometimes they will give away a photo of the ship or a frame for the picture.

Join the cruise lines frequent cruising members club. Usually no cost and get extra perks the next time you sail with them. Or you can buy stock in the company. This will also get you a saving or special perks.

Kids Clubs On most ships the kids club will have special events of nights. Ask the staff working at the kids clubs what are the highlight night, activities or events that the kids should try not to miss. Also at most kids clubs they GIVE away a T-Shirt or some type of other kids club items or pack on the last day or night. Ask if there are any special gifts for the kids. Even if you don't go on the last night you can stop by and get the kids their gift. On Disney they give away T-Shirts, Hats, and mouse pads. On Carnival they give away a small duffle bag with Carnival goodies.

Disney Cruise Line: Perfect for families with kids. Look for the best kids clubs on the ocean. Even if your children do not participate in all of the activities check the schedule for special give away nights or times. Usually the last night they give out Free T-shirts or kids stuff to the children that have been participating in the different programs. Read the daily guides for the times.

Disney will often have an early show of the major productions. Good if the kids are having a hard time staying awake at night. See all of the major production shows (3) they are really outstanding. Broadway caliber Disney show.

Disney's Palo adult only Northern Italian Restaurant. We did brunch, high tea and dinner here. Highly recommend that you try all three. Ask for a tasting menu of the different selections on the menu. Share and order extra. Worth the extra few dollars.

Holland America On board Art IPOD audio tours. Can download before going on your ship or can check out a free IPOD on board and take the 45 minute audio tour of the different art work.

Royal Caribbean: Rock climbing wall. Best time is early in the morning or day. One of the best values is the 4 night cruise out of Los Angeles. Really low year round rates. Not too exciting ports of call but great cruising value.

Carnival: Good kids club on most ships. Younger crowds.

www.cruisesonly.com You can look at cabin locations for a lot of different ships and see exactly where your room will be located. Try to select rooms away from the main elevators and stairs. Also select rooms that are not directly over or under a disco, show room or the kitchen. However you might get incentive by booking with an agent. Always ask for a on board room credit of some sort. Many travel agents can give you \$50 to \$100 on board credits for booking with them.

Mexico trips from LA and Caribbean cruises from Maimi are especially affordable. However remember the hurricane season is from June to September. Especially bad in August and September depending on the year.

St. Thomas Virgin Islands www.godfreytoursvi.com godfrey@godfreytoursvi.com

Fly One Day Ahead Fly into your starting port or city one day ahead to avoid flight delays or cancellations. This also gives you one day of rest before the start of your cruise. This also helps to avoid LOST luggage. Image going on a one week cruise with no luggage, evening dress or swim suit.

Airports to Avoid Avoid airports on the East Coast and Mid-West during the winter months on connecting flights to avoid weather related delays or cancellations of your flight. If you have an option pick an airport connection in the Southern part of the United States. Especially avoid Chicago, JFK and Boston airports. However Dallas and Atlanta can also have traffic/storm problems. Better yet aim for a direct flight.

Hurricane Season Avoid the Caribbean during the months of July until October to avoid the hurricane season. Living in California you really don't think about seasons in the same way as people living in these areas. If there is a hurricane during your trip you will miss ports of call and have rougher sailing.

If you have any comments about these tip sheets please let me know when you come in for your next examination. If you find the tip lists helpful please share it with your friends and family. From the office of Randall T. Lum, O.D. (650) 589-7198 www.LumOptometry.com

MONTEREY BAY AREA

Dennis the Mennis Playground

Just North of the Downtown/Fisherman's Wharf area

Great slides and rock climbing stones. Peddle boats rides available. Also a skate board park. Snack bar in parking lot.

Monterey Bay Aquarium

The aquarium is one of the best in the entire country. As such it gets really busy during the summer months. Arrive at OPENING time to avoid the crowds. Also purchase your tickets ahead of time. Best value is from AAA. At a minimum you can purchase your tickets from your motel. There is a separate entrance on the side of the building for people with tickets. Don't need to stand in line to get in.

Best **FREE parking** for the aquarium is just past the Tin Cannery Outlet shops. If you go just past the Tin Cannery there is FREE parking along the street. It is a short and beautiful walk along the bicycle/walking path to the aquarium. We usually bring our bikes and ride along this area. There are bike racks in front of the aquarium.

Portola Café inside the aquarium has WONDERFUL food. There is also a sit down restaurant inside with a separate seating area and table service. If you bring your own snacks and eat outside be very careful of the seagulls. They are VERY aggressive and will attack small children with food in their hands.

Outer Bay Exhibit Big Fish Feeding

Arrive 15 minutes early to get a seat in the front. **11 am on Sat/Sun/Tu/Thu** Time the day of your trip so that you can see the feeding. It is really neat.

Kelp Feeding 11:30 / 4:00 pm Sea Otter Feeding 10:30 / 1:30 / 3:30 Penguin 10:30 / 3:00

TIDE POOL EXPLORATION: Explore the beach area just past the Tin Cannery Outlets. If you follow the road directly by the beach, there are places to pull over and explore the tide pools. Remember never to turn your back to the ocean.

Fisherman's Wharf: Old Fisherman's Grotto. Best clam chowder.

Bubba Gump's You can call ahead to put your name down on the waiting list. Normally about a 1 hour wait. There is a sandbox play area directly in the front.

Fandango In Pacific Grove. Very good Italian/ Mediterranean food. Nice setting. 223 17th St. (831) 372-3456

FIFI's French Food On Forrest Ave. Up the street from Pacific Grove. Good local French restaurant.

Ghirardelli Chocolate Soda Fountain. Great sundaes. Down the street from Aquarium.

GENERAL TRAVEL TIPS

Fly One Day Ahead Fly into your starting port or city one day ahead to avoid flight delays or cancellations. This also gives you one day of rest before the start of your cruise or tour.

If flying to Europe this is especially important. Most tour groups will allow you to book one or two extra days ahead of your tour in the same hotel that you are staying at a special rate. This way you can be fully rested before the tour starts. Most European flights are red eye flights from the East Coast. You arrive in Europe the next day. Since it can be very difficult to sleep on the plane you can use the extra day to sleep in late. Most tours begin the day after your arrival at 7:00 am and can go for 9-12 hours of touring.

Airports to Avoid Avoid airports on the East Coast and Mid-West during the winter months on connecting flights to avoid weather related delays or cancellations of your flight. If you have an option pick an airport connection in the Southern part of the United States. Especially avoid Chicago, JFK and Boston airports. However Dallas and Atlanta can also have traffic/storm problems. Better yet aim for a direct flight.

Airline Seat Selection On flights that are overnight or longer flights. Pick a seat towards the back of the plane. Then book a window and an aisle seat if you are traveling with two persons on a three A,B,C seat configuration. If the plane is not completely full most people will not select a seat in the middle and towards the back of the plane. If the flight is not full you get the extra middle seat space. If the flight does fill up you can just ask the person in the middle if they wouldn't mind switching seats so you can sit next to your travel companion. This will absolutely work if the other person is a child.

Hurricane Season Avoid the Caribbean during the months of July until October to avoid the hurricane season. Living in California you really don't think about seasons in the same way as people living in these areas. If there is a hurricane during your trip you will miss ports of call and have rougher sailing.

Restaurants Ask the flight attendants where special places to eat can be a good idea for international flights. They tend to know good places for different kinds of food since they stay overnight in the cities they are flying to. You can also ask the hotel front desk persons or the doorman for restaurants near by the hotel.

Jot down the names and streets if possible. Or ask them to write the name down for you. Venture out. Try to avoid McDonald's and other chain restaurants that we have back home.

Photography Take a digital picture of your special show ticket for a play, entertainment

event or sports event. The ticket shows that date, location and what you saw. This helps you to remember your special day.

You can also take a picture of your airline ticket. It shows where you were traveling to, the date of your trip, and what airlines you were on.

If traveling to another country or state you can also photograph the daily newspaper to remind you of where you went. It will have the name of the city, the date and any special events going on.

You can also take pictures of the airlines magazines for your scrap book.

Take a picture of the different restaurants that you visit. Also take a photo of your meal before you begin eating. Don't worry they already know that you are tourist.

Shopping Take pictures in the store with all the stuffed animals you want, funny Goofy ear or Mickey Mouse hats, pictures of the T-Shirt's, or toys. These items are often a great reminder of the places you have been and using the items in the store is like having free props for your pictures.

Kids ID Dress your kids in brighter colored clothing if possible. This makes them easier to spot if they get lost or separated in a crowd. Taking a morning photo of your kids with their jackets off in front of the hotel, in the room or at breakfast. This can be used as identification in case your child gets lost. You know exactly what they were wearing that morning.

Rental Car Tips

Take a digital picture of your rental car. It's often hard to remember what you are driving. You also might want to take a picture of the make and model. Take a picture of what floor you parked your car on at the airport.

Gas tank location. There is an ARROW that points to the side of the car that the gas tank is located on. It is located next to the fuel gage.

Bring a spring shade from home to use in the rental car if traveling to a warm destination. Using a spring shade also helps to make your car look less like a rental car.

Take a Kleenex box from the hotel and put it into your rental car if you will be in town for more than a few days. It is always handy to have Kleenex around in the car.

Best place to book car rentals is from Costco Travel. You can book ahead and cancel if you need to. The further you book ahead the better the rate.

Band Aid Kit Make a small band aid kit with an alcohol wipe and put it with your roll on luggage or camera bag.

Zip Lock Bags You can always find a use for a few zip lock bags.

Slippers/Flip Flops Bring Slipper or flip flops for the pool and around the hotel room.

Plastic fork & Knife Pack a few forks, knives and spoons. Just in case you have need it at your hotel.
Put these items into your zip lock bag!

Advil / Tylenol Pack a couple of Advils or Tylenols in a zip lock bag and place in your roll on luggage or camera bag. Never know when that headache will strike.

Post-it Notes Use post-it notes to mark things to bring along that day or things to remember to do and stick it on the hotel mirror.

Traveling with Kids If you have children try to travel the first week after school gets out or the LAST week before school begins to avoid some of the crowds. Easter break can also be a good time to travel since some schools get out a week before Easter and some get out a week after Easter.

Traveling WITHOUT Kids Never every travel during kids Christmas, Spring, or summer breaks. Travel in the months of September to November in Europe. Travel in January to May in the Caribbean.

Water Back Pack (Camel) Get a camelback water backpack to carry ice water around. Works great for hikes, skiing, theme parks, general touring. Can also store snacks in the pack for the kids.

Travel tips book

Ski cable lock to secure your suitcases inside a rental car if planning on leaving the luggage for periods inside of the car.

SKIING / SNOWBOARDING TIPS

Heavenly Ski Resort If you take the Gondola up on the California side of the resort from the Marriott lodge, when you reach the top of the mountain, there is a elevator just to the left as you exit that will take you down to the slopes. Ride the elevator down and up at the end of the day to skip walking up and down the large staircase. On windy days, drive to the stagecoach lift on the Nevada side. Normally Stagecoach and Olympic lift are running on windy days.

Squaw Valley Off of the FUNITEL to access the intermediate lift GOLD COAST. Take the first door on the right hand side as you exit the Funitel. Ski around the front of building to the GoldCoast Lift.

Resort Creek run on the left side of the mountain is a great LONG uncrowded intermediate run. Access the run via Red Dog lift. Most people go up the mountain and stay to the left side of the mountain.

Homewood Ski Resort A great family ski resort. Beautiful views of lake tahoe from the runs. Very good tree lined runs. So Homewood is exceptionally good during windy days.

Northstar There is FREE overnight ski and board storage at the bottom of the village just as you leave the slopes. If you are skiing the next day take advantage of this service. More than one night storage cost \$5 per day.

Use Mittens on Cold days. You can use hand warmers and your fingers stay together for added warmth.

Renting Gear. Rent Skis or snowboards the day before after 3 or 4 pm to avoid the crowds in the morning. Renting gear in the morning can take as long a one hour.

Water Back Pack (Camelback) Get a camelback water backpack to carry water around. Can also store snacks in the pack for the kids.

Candy. Buy candy at home or before reaching the mountain. Cost off moutian \$0.99 versus \$2.75.

Eat lunch early to avoid the crowds. Everyone tries to eat lunch between 11:30 and 1:00pm. Try to eat early before 11:00 or late after 1:30 pm.

Look for Ski Drop off points. Most resorts have an area for drop off and pick ups. One person can park, one can get the lift tickets or help the kids with their gear. Also the kids don't have to walk as far.

Pre-purchase Tickets. Check Lucky's, REI, Safeway, local ski rental shops and your hotel for discount single or multi-day tickets. Always good to save some money and not have to stand in line.

www.slidingonthecheap.com Discount ski lift tickets locator guide.

Disneyland's New Max Pass system

Disneyland began a new application phone based Fast Pass system in the summer of 2017

Requirements: Download the Disneyland mobile application to your phones.

Enter a valid credit card to purchase Max Pass. Introductory price is \$10 per person.

A valid Disneyland ticket for each Max Pass.

Benefits: Electronically pull Fast Passes without having to walk to the FP machine.

Ability to immediately pull a FP as soon as you scan your admission ticket at the gate.

Pull FP when resting at the hotel room.

Cancel Fast Pass and re-pull another FP immediately.

Pull FP for either park without physically needing to be in that park. Especially important for Radiator Spring Racers and new Guardians of the Galaxy ride. Or seasonal rides that are especially busy.

You can get the next FP as soon as you scan your current FP or about 90 minutes (vs 2 hours on the paper system). Ie as soon as you scan your FP for Space Mountain, you can select your next FP on the app.

Photo Pass shots with the official Disney photographers. Ask for the Magic Shots if they have them. Magic shots are special seasonal character or other special inserts that are done by Disney after they take the photo. Ie add special backgrounds, Oogie Boogie during Halloween, Christmas themes, baby Groot ect.... These take longer to appear in your account (end of the day).

ALL ride photos are included. Just need to take a snap shot of the ride photo number at the ride exit and can add later in the day, evening or even when you get home.

It is always a good idea to have an Indiana Jones FP holding if you don't have any other FP to get. Since Indy breaks down a lot, you will get an multi-experience FP selection for any ride in the same park, if the ride breaks down during your FP time. Ie good to have during nap time in the hotel. The multi-experience FP is good anytime for any ride in Disneyland on the same day. Or for DCA pull a California Screamin' FP since this is the other ride that sometime breaks down.

You can add child swap FP to your mobile app. Need to ask the Cast member at the entrance to add to your mobile app.

Anyone in your party can use any of the FP's that you have collected. If someone does not want to ride, another person can use their FP on the mobile app.

You own the digital downloads of all photos for personal use.

Bring a small portable charger. Recharge your phone in airplane mode for faster charge & during afternoon nap. Wi-fi signal can be weak at parts of the park.

Use the paper admission tickets for scanning at the FP ride entrance to save battery.

Take a screen shot of the PhotoPass Bar code to show to the photographers.

(signal loss can occur in the parks / also faster to pull up)
