

Monday March 16, 2020

To Our Valued Patients:

Due to a recent announcement by the California Optometric Association we are suspending optometry care for 14 days as of Tuesday March 17, 2020 – until Tuesday March 31, 2020.

- 1) During this period our office will be closed and no pick up or adjustments will be available during normal office hours. However, if you are in urgent need of picking up your eyeglasses, an urgent adjustment or repair, or need a small supply of contact lenses to hold you over, please email us at www.LumOptometry@gmail.com and we will respond as soon as possible to make individual arrangements.
- 2) Please expect delays on any glasses or contact lens on order for the next 2 -3 weeks.

We are planning to resume normal office hours and eyecare for our patients beginning Wednesday April 1, 2020. However, this date is subject to change.

We are taking this action out of an abundance of caution during this historic public health emergency. As health care providers, we have a direct role to play in “flattening the curve” and to help limit infections and slow the spread of the virus.

We thank you for your understanding during the difficult time.

Sincerely,

Dr. Randall Lum and Staff at Lum Optometry
